THE TRAINER:

Alex Sinka

Alex has been working with paint protection films since 2006. He used to work at big installation companies, who were working for showrooms with high value cars. Later he opened his own business and started offering services to private customers. He has been working with all major brands and has an outstanding experience with different PPF suppliers. He applies PPF every week. He is married, her daughter has just been born last September.

COSTS:

399 EUR per person, the payment secures your participation at the training, the whole sum is expected to be paid right after the application, participation on the training can be cancelled until 2 weeks before the training, within 2 weeks the amount cannot be returned.
